COMMUNICATION

Sir:

On November 17, 2003, applicant filed a Submission of Priority Document Japanese Patent Application No. 2002-271494 filed September 18, 2002 in the above-identified matter, using application serial number 10/663,223 in reliance upon the postcard receipt of the U.S. Patent Office returned in connection with the original application filing. This Submission was received by the Patent Office on November 20, 2003 (copies of postcard receipts and Submission enclosed).

However, the arrival of the formal Filing Receipt showed the actually assigned serial number in this matter to be 10/663,224, not 10/663,223 initially indicated by the Patent Office. Therefore, the appropriate application has not yet been credited with receipt of the required priority document.

Accordingly, we request that Japanese Patent Application No. 2002-271494 be transferred to the appropriate application serial number 10/663,224 (from serial number 10/663,223) and confirmation of such transfer is respectfully requested by the undersigned.

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as First Class Mail in an envelope addressed to: Mail Stop Issue Fee, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on December 27, 2005
